OUR TEMPERANCE WORK.

Conducted by the
W. C. T. U. OF BRANDON.

Work! Work!

Come, labor on!
Who dares stand idle on the harvest plane,
While all around him waves the golden grain
And to each servant does the master say,
"Go work to-day!"Come, labor on!
Claim the high calling angels cannot share,
To young and old the gospel gladness bear;
Redeem the time, its hours too swiftly fly;
The night draws nigh.Come, labor on!
The enemy is watching, night and day,
To sow the tares, to snatch the seed away
While slumbering saints their duty have forgot
He slumbered not.Come, labor on!
The toil is pleasant reward, is sure,
Blessed are those who to the end endure;
How full their joy, how deep their rest shall be
O Lord, with thee!

Woman's Temperance Union.

At the recent meeting of this Union Mrs.
Harvie spoke as follows: Seven years ago it
had seemed to her that there should be in
Ontario a pronounced Woman's Christian Tem-
perance Union in order that there might be
not only sympathy, but unity of action. God
had greatly blessed the work. The cause of
temperance had been greatly assisted morally,
educationally, and spiritually by the Union.
She referred to the crusade of women in the
United States against saloons, which had
spread to Canada, England, Japan, and India
until there was scarcely a land under God's
sun that had not the women banded together
for temperance work; and now she was cheered
to see that there was a proposition to form
an international union. For what was the
Union working? She did not know that she
could do better than to take the motto that
appeared on the programme—"For God, and
Home, and Native Land." It was impossible
to estimate the value of the work, because it
involved the redemption of souls, and who
could tell the value of a soul? This, then, was
the work of God. What should she say of the
second word in the motto, "Home"? She
knew women in the Reformatory who would
mock and laugh if God were mentioned, but
who, if home and its associations were spoken
of, would tremble and roll. Mrs. Harvie then
related from her personal experience some
painful incidents of the evil wrought by in-
temperance in the home. Not only for God and
home were they working, but for native land.
There was not a woman in Canada, whether
born here or not, who did not love this fair
land. It was not given to women to love it
as publicly as men did. But in their homes
and among their children, women were
basing and founding and building this land.
This was a representative gathering, for every
lady represented at least fifty women it re-
presented five thousand women, influencing
their husbands to vote for the Scott Act. In
closing, she would say to the women, the
work is great and large: Wherever you hear
the sound of the trumpet, gather together.
Shall not our God fight for us? A great tem-
perance wave was spreading over this country
until, she believed, that within five years we
would have Ontario for prohibition.A glass of whisky sells for a dime, and is
drunk in a moment. It fires the brain and
deranges and weakens the physical system.
On the same table lies a newspaper. It is
covered with half a million letters; it brings
intelligence from the four quarters of the globe.
The newspaper costs half the price of the glass
grog; but it is none the less true that there is
a large number of people who think whisky
cheap and newspapers dear.Men are as much the idolaters of fashion as
women, but they throw themselves on a dif-
ferent part of the altar. With men the fashion
goes to cigars, and club-room, and yachting
parties and wine-suppers. In the United
States the men chew up and smoke one hun-
dred millions of dollars' worth of tobacco
every year. That is their fashion.

THE W. J. D. BOARD.

A meeting of this Board was held in the
office of the Secretary Treasurer on Tuesday
the 12th day of May 1885.Present W. J. Helliwell, Chairman; Geo.
Foster, Sec. No. 1; J. D. Gillies, Sec. No. 3;
W. S. Crotter, Sec. No. 5.Mr. Crotter appeared before the Board, and
on motion was heard respecting the delin-
quency of James Dowland, of Minnesota, more
especially his not accounting for monies re-
ceived by him as taxes on lands within the
boundaries of the present existing Munici-
pality of Saskatchewan; and that in conse-
quence the adjustment of the old affairs of
Ivanhoe operated against the interests of said
municipality, and claiming that the delin-
quency should be made as a debit on the several
municipalities of Minnesota.In this connection the acting sec.-treas. read
the minutes of the meeting of the Reeves
and Mayor of Minnesota, and the Board in-
formed Mr. Crotter that as the settlement was
accepted by the Reeves of Saskatchewan, and
as the same had also been accepted by the
Board, that they considered the matter finally
closed and that they would not open it
up again.On motion, Mr. Renton, Reeve of Delor-
aine, was heard in reference to the adjust-
ment of O. & T. Turtle Mountain. Mr. Renton
claimed that injustice had been done his
municipality by the adjustment inasmuch as
Deloraine had not only paid more taxes in1882, but had also a greater assessment than
any of the other municipalities interested,
and that the \$75.00 awarded to them was
not half what they were entitled to receive.
After hearing Mr. Fleming in support of Mr.
Renton's claim, the Board resolved that it
was wise to open up the adjustment al-
ready made, as it would only open the way
for the other municipalities interested to
appear and claim the same right which would
prevent the matter ever being finally
adjusted and refused to entertain their
claim.In session at 10 a. m., May 13.
Communications were read from C. P.
Brown, re cost of Court house &c. From
A. Jukes, C. J. Mickel, C. H. Jones, re note
of municipality of Ellice. Quaker & Hammond
re non-payment of Brandon coupons. C. A.
Beaumont, re his and sec.-treas' absence. A. F.
Venables, re cost of District Auditors audit.
F. W. Bleakley re loan for school purposes,
Deputy Atty.-General. Henry Rose, re sign-
of note of his municipality. W. S. Moody. J.
Renton re settlement of Turtle Mountain
liabilities. W. H. Hannam, Gaoi Report.Moved by Gillies seconded by Foster, that
the amount of note due by the Municipality
of Ellice be charged up to them as requested.

PRESBYTERIANISM.

Synod of Manitoba and the N.
W. Territories.

Brandon, Thursday, May 21.

The Synod met on Thursday, at 10 a. m.
The Synod resumed consideration of the
overture of Brandon Presbytery. Principal
King moved and Rev. Mr. Ross seconded,
that the Synod, while sympathizing with the
object of the overture of the Presbytery of
Brandon on the admission to the ministry of
catechist laborers, declines to adopt it on the
ground, among others, that it is undesirable
to have a mode of admission to the ministry
in this part of the church different from that
which obtains in other parts. The Synod
however, holds itself ready to co-operate with
the Presbytery of Brandon or any of the
Presbyteries within the bounds in securing
from the General Assembly, the lieve to re-
ceive from time to time into the ministry any
laborers who have given evidence of ability
to discharge the duties of the ministry effi-
ciently and to the acceptance of the Christian
people and on whose work the spirit of God
has set its seal.—Carried.Rev. A. Smith then moved seconded by
the Rev. Mr. Livingston, that the overture
be transmitted to the General Assembly, and
along with it the deliverance of this Synod.
This was carried unanimously.Mr. Farquharson reported from the com-
mittee on maintenance of Theological Depart-
ment in Manitoba College. The report on
motion of the Rev. Mr. Baird, seconded by
Rev. Farquharson was received and adopted.
Those appointed to examine the Winnipeg
and Rock Lake Presbyteries reported them
respectively to be carefully and correctly
kept.Prof. Hart submitted the report on foreign
missions. The Synod has within its bounds
several Indian missions and Indian day
schools. The missionaries are Revs. H. Mc-
Kay, J. McKay, G. Flett, Solomon Tuncam
Suicjee. These missionaries are aided by an
excellent staff of day school teachers. Sab-
bath Schools are also established among them
and are greatly aiding in gathering in the
young. One pleasing feature of the pres-
ent conditions of our Indian missions is seen
in the fact that they were all ready and will-
ing to take up arms in defence of our country
against the insurgents on the Saskatchewan.
They at once used their influence with the
heathen Indians in dissuading them from
taking part in the rebellion, and many of
them offered their services to assist in restor-
ing peace and order. The same thing may
be said of all the Protestant Indians; and it
is doubtful if any of the Indians under the
R. C. Priests have had any part in commit-
ting any of the murders or depredations
which have occurred there. Rev. Mr. Baird
of Edmonton, says that those Indians who
took part in the murder of the priests, lately
were heathen Indians, and had not been
taught by nor had they been under the in-
fluence of those R. C. missionaries. It is
pleasing to those interested in Christianizing
the Indians to have this evidence of the har-
monizing, civilizing and elevating power of
the Gospel over these Indian races. Indian
missionary work is slow work, but it is not
hopeless work. It is encouraging elements
in it. And this alone will save the poor In-
dian tribes from utter extermination. Mr. C.
M. Copeland made a powerful speech on In-
dian missions, and moves the adoption of the
report. Rev. Mr. McKee seconded the
motion, and instead of making a speech,
asked Rev. Hugh McKay, the Missionary at
the Broadview Reserve, who rose to respond
and applause. He gave an interesting and
hopeful account of mission work among the
Indian tribes.

The Lament Song.
Oh, mamma, dear mamma, come home with me now—
I wonder what papa will think!
He'll meet you to-night with a frown on his brow
For stay as long as the ink.
No lamp has been lighted to-night in the hall,
The dark and the baby's awake.
And—then! I was sure, dearest ma, you would fall—
Some night your poor neck you will break.
Come home, come home,
Oh, mamma, dear mamma, come home.

OLD TESTAMENT.
The Revised Version New Money for Distribution.

London, May 15.—The revised version of the Old Testament will be issued to the churches tonight, and will be distributed to the churches on Monday. Changes are made in many places, but the alterations are not of great importance. The new version is a complete copy. 5,000 people are expected to receive a copy. The Dean of Canterbury is preparing a paper on the revised version.

The Marquis of Salisbury, speaking this evening at a dinner, in Middlesex, said it was now quite evident that diplomacy was useless to stop the advance of Russia towards India. The right policy now would be to mass all available troops in the north of India, and fortify the Indian frontier. He supported the Liberal Administration for its waste of lives and money in the Sudan campaign, which had resulted only in a humiliating failure, and urged the Tories to educate the new electors, who would exercise right suffrage for the first time this year, under operation of the new franchise bill.

CARE OF STOCK IN THE SPRING.

As the weather of early spring undergoes that change called "softening," it should not be forgotten that a like change overtakes the farm beast. In fact, men feel the same change creeping over them, and are made aware of great tendency to chilliness, not because the weather is colder, for the mercury in the tube shows a higher temperature, but owing to a relaxed condition of the skin and all the tissues beneath. The susceptibility to taking cold is very great at such times. The appetite weakens, and correspondingly all the vital forces are at a lower ebb than when the weather was cold and bracing. The winds and rains of early spring are particularly searching, and it is a very bad practice to relax efforts in the matter of caretaking at this period of the year. In no case would we advise turning them out of a dark, dry stable into the wind, rain or dampness outside. Light and air are curative agencies. Communities have gone wild over the benefits believed to have come of basking, in a nude state, under blue glass. But remember warmth and dryness were concomitants. Animals that have had a dry bed or stall, under cover all winter, take cold very easily by lying upon damp ground, having previously been stabled, earlier than well into May, or only when all the conditions are favorable. Many animals are, it appears to a casual observer, affected by a slight cough, though really in these cases the bronchial tubes are so far implicated as to show structural lesion, upon a post mortem examination. Early spring exposures upon animals having these apparently slight affections of the air passages, are very liable to fix incurably pneumonia trouble upon the animal, whereas due care in the spring, avoiding all influences that affect the air passages unfavorably, until the warm weather of the late spring and early summer is established, will, in many cases, eradicate the cough before the following winter sets in.

A plan could hardly be devised that could waste food more rapidly than that which involves the exposure of farm animals to the early rains of spring. No man can pretend to estimate the amount of loss that will follow on through seeking to the hide in a cold April rain storm. We could hardly say less than it would require liberal feeding and care for two or three days to place the animal back in the condition it was before such a soaking, especially if this was accompanied by the usual chill. There is a wonderful power in the body of animals for adaptation to the changes and vicissitudes of the weather. This holds good to quite a degree in animals of robust health, provided artificial methods have not been too thoroughly practised upon them. Animals that are blanketed during the winter are particularly sensitive to exposure, especially if this be wet and cold combined. Horses or cattle that are blanketed are insured shorter coats of hair and a more relaxed condition of skin than those not so protected, and such stock cannot, without great hazard, be turned out early to take the weather as it comes.

TOWN TOPICS

Ex-Warden Hanna was in the city Tuesday.

County Court commenced on Tuesday, and lasted two days.

The Montreal garrison, 260 strong, went west Tuesday night, to join in the amusement with the redskins.

Whitehead & Whitelaw have bought the Crossley stock, and are preparing to run it off.

Postmaster Miller, of Portage la Prairie, was in the city last Thursday on church business, and paid the MAIL a visit.

The pay ear of the C.P.R. is expected along today, "to cheer but not inebriate" the hearts of many along the line.

Ald. Lee has built an addition to, and otherwise improved, his harness shop, spreading for a promising fall trade. "There is nothing like leather."

Capt. Wastie returned from the west on Monday on a short leave of absence. He reports the boys anxious to tackle the redskins at the first opportunity.

It is said about \$1,500 changed hands on the show grounds over the horse racing, but as nearly all had bets and contra-bets, it is quite likely no one of the venturers is much better off than before.

Reeve Kirchhoff, of the Souris, was in the city two days this week. Monday as judge at the sports, and Tuesday with his blue bag under his arm, full of oysters, or briefs, we cannot say which.

It is at length decided to amalgamate the two registry offices in the city and county—and Mr. McDonald who so worthily fills the one will receive the management of both. It is also probable the Torrens system will be introduced without delay.

Frank Reid, a butcher for Anderson & Collins, had a close call on Friday. While in the slaughter house, knife in hand, the windlass struck the knife dashing it against his neck, cutting a fearful gash. It escaped the jugular vein by just one-eighth of an inch. Reid is, however, rapidly recovering.

Mrs. Duncan, a lady recently from Scotland, so her story goes, gave Rosie, a Frenchman, who kept a stand on the fair ground Monday, a \$4 bill for a cup of coffee, and he gave her but the change for a \$1. She applied to the Police Court for redress, and the case is yet to be ventilated before the authorities.

The steamer Alpha which wintered here, and proceeded east on the opening of the river was unfortunately enough to strand on a sand bar south of Carberry, and when the owners went for her the other day they found she had been stripped of everything that was removable by the Indians.

It is a license commission and not an inspectorship that Mr. Geo. Winter has appointed to. Mr. John Hanbury has the inspectorship for Brandon and the surrounding districts. These are two gentlemen that will do credit to their appointments, and it shows that the Local Government is awakening to an understanding, the people will bear with dead beats no longer.

One of Winnipeg's gamblers, "a tricky the loup," as an Irishman would call him, was prevented from fleeing our country youth, on the 25th, with his wheel of fortune, and he feels sore over it. In fact he has to lie about it to create sympathy. He tells the people that when he paid a license to use the wheel, he ought to have been allowed to do so, or get his money back, when in fact he paid a license to sell pools and pools alone. The fibbing of these gentlemen when discovered only adds fuel to the flame.

The Chief received a telegram from the west to arrest one Ernest Martin, on the down train Sunday and capture some stolen horses. He was thought to have in charge. However he was not on that train, but was on the one next day, and the Mounted Police overtook him at Moosomin themselves, and arrested him, and took the horses in charge. Martin had been at the front, and managed while there to escape with the equines. Some of our readers will remember him as one the parties in charge of horses sold here last summer.

The next meeting of the Rock Lake, Souris Valley and Brandon R. Co. will be held at Souris City on the 18th of June, instead of the 25th of May as had been arranged for.

As yet there is but little doing in the way of markets, as the lake rates of the C.P.R. for the shipment of wheat are not announced. The bulk of the wheat coming in is classed as No. 2 regular, and brings from 65 to 66c; potatoes 40; flour \$2.50 to \$3.00; hay \$10; wood \$3.50 to \$4; butter fresh \$16c; eggs \$12; pork fresh \$7; beef \$8; hides \$5; oats 35c; mutton \$10. These are the ruling quotations on the market.

"THE 24TH."

A Day's Satisfactory Amusement.

As most of our readers are already aware, Monday was celebrated in Brandon as the anniversary of Her Majesty's Birthday, the 24th falling on Sunday. At an early hour our country cousins came pouring in by team from every direction, so that at 1 p. m., the hour at which the sports were announced to commence, the city was very well filled with visitors, and the number was supplemented by about 100 more when the train from the east, having on board the Portage Fire Co. and their excellent brass band, arrived. As many as 800 people must have visited the fair grounds, where the day's amusements took place, and as the entrance fee was fifty cents, the gate money must have swelled the coffers of the turf club. The horse racing was the first amusement of the day, but as our reporter is not much of a horseman, the public will have to bear with the naked score without comments, as follows:—

HOTEL KEYS' PURSE \$100.
ENTRIES.
S. Greigg's b. g., Plough Boy; Jas McIvor's roan, Dan; R. J. Dickenson, br. g., Merry Phillips; J. C. Kavanagh's br. g., Billy Nichol; J. D. McGregor's bay g., Long John.
Dan took 1st place, Billy Nichol 2nd, Phillips 3rd, Plough Boy 4th.
Billy took first and 2nd heats and first money, and Long John 2nd in each heat. First heat, 2:49; 2nd 2:42.
Merchants' purse, \$75.00.
The entries were C. Meredith's, Paddy; S. Clement's Taper a roan m.; J. Gibson's Telegraph, and G. Clarke's Babe.
Babe took first place, Paddy second and Telegraph third.
This was a running race beat two in three. Paddy took first and second the race, and Tejay second in good order.
NAMED RACE.
In this there were five entries—A. F. Boissau's mare; A. Edmunds' Eva and Dolly; D. Stewart's Jim and J. McVeigh's Ben Smith. Jim took 1st place, Boissau's mare 2nd, Eva 3rd and Ben Smith 4th. Beat three in five.

Boissau's mare took first in first and 2nd in the next, Eva taking first in the last three and first money, Boissau's mare second.

In this there were six entries—A. Edmunds' Little Joe, a ch. g.; Duan's blk. m. Souris; Nelson's Ethel; J. Gibson's possum; J. Crawford's Charley and K. J. Dickenson's Nell.

Possum took first place, Nell second, Souris third, Charley 4th, and Little Joe 5th.
Possum took the first in first heat and second in the other three, Little Joe coming close in the first and leading in the last three. The latter then took first money and Possum second.

The firemen's games and amusements were equally successful with the races, and gave satisfaction to all concerned.

THE TOURNAMENT.
was limited to the Portage and Brandon companies, and was won by the former in 50 seconds against 57 by the Brandon men. Below are the scores of the other games:—

FIREMEN'S RACE—1 MILE.
1st C. N. Maywood.
2nd Jas. Fraser, Portage.
3rd G. Gossell, do.
100 YARDS RACE—ALL COMERS.
1st Jas. Taylor, Brandon.
2nd W. Hepes, Carberry.
3rd C. N. Maywood.
FAT MAN'S RACE, OVER 200 LBS.
1st S. Sgt. Campbell.
2nd J. McGregor.

1 MILE RACE.
1st J. Cousins.
2nd Wm. Hope.
3rd W. R. Wesley.
50 YARDS RACE, UNDER 15.
1st W. Boyer.
2nd Frank M. Thell.
3rd T. McNaught, Rapid City.

In the evening, both companies treated on citizens to a grand torchlight procession through the principal streets, and a nice display of fireworks. At eleven o'clock our Brandon boys escorted their visiting brethren to the F. R. Depot where a special train was in waiting. After the "roll aboard" and the usual cheer was heard, the train steamed off, and our boys were left to a hall in the Masonic Hall, and time went up the day's proceedings, which we are happy to say ended without the slightest incident, even a case of drunkenness, to mar the pleasures of the day. Our men speak in the highest terms of the cordiality and agreeableness of their Portage confederates and hope for many returns of such enjoyment.

We cannot close without offering our city band a word of congratulation. Although many of the members have been but a few weeks in training, they acquitted themselves

most creditably, and are certain with increased practice to reach a stage of proficiency that will be a credit to themselves and our young city.

Temptation.

Upon lily arm she placed her hand;
So soft and white, I longed to seize it.
Would I offend? I took it, and
What could I do but gently squeeze it.
Her waist was then within my reach,
And, when so near to me I found it,
I spent no precious time in speech,
But softly put my arm around it.

This brought quite near her lips, red lips—
Sweet lips! Could mortal man resist 'em!
I trembled in my finger tips,
And drew them nearer—and I kissed 'em.

Poundmaker a Prisoner.

Battleford, May 25.—Poundmaker and 60 of his councillors and chief men, with 210 stand of arms, came into camp this morning and surrendered. Gen. Middleton, who arrived on Sunday, had a long pow-wow with them. Poundmaker and five of his chief men were made prisoners; also two who acknowledged themselves murderers of Payne and Tremont. Middleton told the Indians that they must bring in all the cattle and food. They had to go back to their reserves, and come in once a week for provisions till the Government settled what was to be done with them. Poundmaker and the other prisoners are confined in the guard room. The 90th Batt. arrived from Prince Albert this morning on the Esmeralda Barracks. The Grenadiers are marching down. Half-breds from Poundmaker's camp also came in this morning. Bremner has been made prisoner.

From Saskatchewan Landing.

Saskatchewan Landing, N.W.T., May 25.—Charles Thompson, a scout, and Todd, a half-breed have just arrived from Battleford with the mail. They left on Saturday morning, and report having seen a fresh trail crossing the Battleford trail about 60 miles this side of Battleford, apparently leading from Cut Knife Creek, and is supposed to be made by a large body under Big Bear, who are going to join Poundmaker, who is now in Eagle Hills. The party evidently crossed on Saturday night. They report having seen Indian scouts 25 miles north of here. Thompson and Todd travelled across the country about 12 miles west of the trail until they crossed Eagle Creek, all supplies this side of there being made. They will return with the Battleford mail on Wednesday.

A convey of 175 teams of supplies, including the ladies presents of Toronto, and five tons of ammunition, left for Battleford this afternoon a charge of 16 scouts, under command of Lt. Donnelly, the mail courier went in advance. They expect to reach their destination in six days. The river has fallen four inches since yesterday. Weather clear and warm.

SURRENDERING.

Poundmaker Wants to Make Peace.

Battleford, May 21.—This evening at dusk twenty-six of the prisoners held by Poundmaker came to camp. Father Cochran was among the number, and bore a white flag and a letter from Poundmaker to Col. Otter, asking on what terms his surrender would be accepted. Poundmaker was on his way up to reinforce his, and learned only yesterday of the rebel's defeat and capture of their leaders. They at once had a council and decided to have a parley with Col. Otter. The letter was written in English at Poundmaker's direction by Mr. Jefferson, schoolmaster on the reserve. The prisoners sent in with Father Cochran include the 20 footmen captured in the Eagle Hills. Fensholt's settler and two women in male apparel. Col. Otter has decided to reply that negotiations for the surrender must be made through Gen. Middleton. Father Cochran will be sent back to Poundmaker with that reply to-morrow morning. The sentiment here is that only an unconditional surrender should be accepted, and it is not believed that Poundmaker will agree to it. The prisoners say the Indians used their well. Poundmaker's camp numbers fourteen hundred all told, seven hundred capable of bearing arms, and 300 horses. He holds a strong position fifty miles from here near Lizard Lake. Bremner, one of the prisoners, says Big Bear was not at Cut Knife, and that about 50 Indians were killed in the fight. Most of the Indians were asleep when we came in on the camp. The story is not generally credited in this vicinity.

WHITECAP CAPTURED.
May 20th.—A scouting party of the Body Guard left here, and after a two days' chase captured Whitecap and some of his band. They were brought into camp to-day and placed under guard, awaiting orders from the General. Whitecap's brother, previously captured, accompanied by Peter McDonald, a scout, arrived in following on the trail. The General and his men arrived in Prince Albert on Tuesday after a quick march. A party of nine French half-breeds was fled from Battleford when the rebellion broke out, passed through here to-day on the way to their homes.

BLACKFEET ON THE WATERSHED.
It is believed here that a number of blackfoot braves have been absent from their reserve for some time, went north, and were in the fight between Col. Otter and Poundmaker, notwithstanding the peace talk and loyal talk of Chief Crowfoot. Ten Bulls' Band, Chief of the Sarcee, has left his reserve, and is said to have gone to the Blood reserve near Fort McLeod, to try and stir up trouble. Considerable uneasiness is felt there owing to the comparatively defenceless state of the town. Most of the able-bodied men there have gone to the front as scouts, teamsters or brousemen, and there is an absolute

necessity for more troops being sent there at once.

THE HALF-BREDS CLAIM COMMISSION.
The half-breeds' commission has been hard at work the last two days, and a number of claims have been disposed of. The breeds are all taking their scrip, although they are selling at a slight advance on previous quotations.

Council for Biel.

Quebec, May 22.—F. X. Lemieux, M. P. P., and Charles Fitzpatrick, advocate, who figured so conspicuously in obtaining a reprieve for Madame E. Beutel, the Basle St. Paul murderer, who is now in the Kingston penitentiary, have been retained as counsel to defend Biel in his coming trial in the Northwest, they having been sent for by a prominent French-Canadian gentleman in the Province, who is a great friend of Biel, and who has volunteered to meet all the expenses incurred by the counsel in Biel's defence.
